

LIFE IN THE 13 COLONIES

A TEAM 7D SOCIAL STUDIES HYPERSTUDIO PROJECT

Task: to create a Hyperstudio project about life in the 13 English colonies.

To complete this task, each student will...

1. do research to collect facts about life in the different “sections” of the 13 Colonies
2. synthesize their collected facts for each section into one or more paragraphs.
3. create a Hyperstudio stack consisting of at least 5 cards.
 - one title card
 - four “section” cards
4. type their information about each section into a text box on selected cards.
5. add an appropriate graphic to each card in their stack.
6. connect the cards in their stack with appropriately-labeled buttons.

Where will I find the information I need?

- your textbook
- the many books in room 177
- books in the school library
- books in the public library
- the World Wide Web

Where will I record the information I find?

- in your notebook or on the note sheets you are given

How much information do I need?

- at least 10 different facts for each section – more is better!

When is this due? How much class time will I have to work on this project? Will there be any other assignments?

- refer to the attached calendar
